

National Technical Conference

Reducing Set-Up Time Video

Now available - NTC Lean Manufacturing – Reducing Set-Up Time video produced by member company Vanamatic. This 21 minute video shows the complete chip-to-chip changeover of a 1-5/8” – 8 Model VNA Conamatic. This was a complete set-up -- pushers, collets, tools, tool holders, and shows the times for each step. The video demonstrates some of the tools being preset, as well as fixtures, stops, and bushings employed to make this reduced set-up time possible. The completed set-up shown took one hour and fifteen minutes. This video is available in DVD, VHS, and CD-ROM format.

This video is an ideal resource to jump start your shop’s reducing set-up time initiative. By arrangement with Vanamatic Company, anyone making a donation of \$500 or more to the PMPA Educational Foundation will be entitled to receive the video along with a hardcopy of the handout from the Technical Conference session. All proceeds will be for the use of the Educational Foundation.

To request your multimedia CD-ROM, DVD,, or VHS video, please fill out the form below and return it with your donation of \$500 or more made payable to the PMPA Educational Foundation. Video’s are in stock and will ship immediately.
